Mapping Essential 21st Century Skills
December 17

Sp

If you know the direction in which you're heading, a compass can tell you where your true north is- no matter where you are. While there is no single roadmap to success and nobody knows what the future holds, we do know for certain that change is constant. Preparing our students to be resourceful, resilient, and empowered to make decisions in the face of ambiguity is essential to their future success.

Compass and Connections is a series of workshops designed to provide parents and guardians with resources to help your child use their personal compass to identify their "true north" and equip them with the tools to navigate their future path forward.

Sp Spanish sessions available

E Separate sessions specific to elementary level
